

Designed For Value...Built For Life

THE Raymond Report

Summer 2008

New Ideas...The Future...Think Green!

Designed for Value...Built for Life!

SEDL's mission is solving future education challenges facing schools and communities. Raymond Construction is proud to assist in that challenge of the future through the preservation of natural resources for the children and their community.

SEDL

4700 Mueller Boulevard, Austin, Texas

www.sedl.org

Owner's Project Manager: Susan Benz, Benz Resource Group, Inc.

Architect: Milton Hime, AIA, Studio 8 Architects, Inc.

Project Manager: Devin Wood

Site Manager: Chuck Heim

Superintendent: Roger Dilts

SEDL's new "green" headquarters is not just a beautiful building, it is a Leadership in Energy and Environmental Design (LEED) Silver-level certified building.

(Visit www.raymondconstruction.com for the complete list of specific LEED credits that led to the building's certification.)
